

Upright™ Shades

IMPORTANT

In compliance with national safety regulations **shades will not operate unless the cord tensioner is installed correctly!** After the shade is installed, the cord tensioner must be secured to the wall.

1. Locate the tensioner as close to the shade as possible without interfering with the shade.
2. The tension on the cord/chain should be loose enough to allow free movement, but tight enough not to allow a hazardous loop.

Care and Cleaning

It is recommended that Horizons Fabric Roman Shades be vacuumed periodically with a drapery hose attachment.

Professional cleaning is strictly recommended for all Fabric Roman Shades. A professional drapery cleaner may be found in the yellow pages or on the internet.

Warning

Young children can STRANGLE in cord and bead chain loops. They can also wrap cords around their necks and STRANGLE.

- Always keep cords and bead chains out of children's reach.
- Move cribs, playpens, and other furniture away from cords and bead chains. Children can climb furniture to get to cords.
- Do not tie cords together. Make sure cords do not twist together and create a loop.
- Attach tension device to wall or floor. This can prevent children from pulling cords and bead chains around their necks. Fasteners provided with the tension device may not be appropriate for all mounting surfaces. Use appropriate anchors for the mounting surface conditions.
- Do not remove looped cord from cord shroud.

Limited Lifetime Guarantee

Horizons Window Fashions warrants that its Horizons products - properly installed in a residential dwelling will be free from defects in materials and workmanship for as long as the original purchaser owns the product.

All fabric colors tend to lose their original intensity over time, and pull cords eventually wear out. This is considered normal wear and tear and is not covered by this guarantee. Abuse and misuse are not covered. Color lots vary and may not exactly match a previously ordered product. Repair is the purchaser's sole remedy under this guarantee.

This guarantee does not cover incidental or consequential damages, freight, installation or service calls (trip charges).

Installation Instructions for

Soft Treatments Fabric Roman Shades

Congratulations on
the purchase of your new Horizons
Soft Treatments Fabric Roman Shade!

New York Bracket Installation

Diagram A

1. Prepare the Headrail:

The headrail of your shade has been slotted for New York brackets before being wrapped with fabric. (Diagram A)

2. Install the Brackets:

Install the New York Brackets in the window to line up with the slits in the headrail. (Diagram B)

Diagram B

3. Put Up the Shade:

Remove the wing nuts from the "New York" brackets and slide the shade into position by sliding the shafts of the brackets into the slots cut into the top of the headrail.

4. Secure the Shade:

While holding up the shade, reattach the wing nuts to the "New York" brackets and tighten.

2" or 3" Screw Installation

Installation with 2 or 3 inch screws is intended for inside or ceiling mount only. No bracket is required.

1. Insert the Mounting Screws:

With the shade down, insert the mounting screws from the bottom side of the headrail into the pre-drilled pilot holes.

Diagram D

2. Position the Shade:

Hold the shade up and position it in the window opening. Drive the mounting screw up through the headrail into the inside of the window opening, soffit, or ceiling. (Diagram D)

Turned Headrail Note:

Note: Holes have been pre-drilled in the headrail for inside mount and ceiling mount applications. Simply fasten the headrail to the mounting surface with the 2" screws provided.

Finishing Touches

Steaming the Shade

Like every fabric treatment, a brand new Horizons window fashion right out of the box may have wrinkles.

Many of the wrinkles will simply hang out after a few days. However, for best results, we recommend steaming your shade once it is installed.

If a steamer is unavailable, a standard iron with a steam button will work as well.

Note: Use caution when steaming fabrics made from silk.

Dressing the Shade

Part of the beauty of a fabric shade is the folding of the pleats. Often, a pleat on a new shade will fold in an unusual way.

Once the shade is raised, a little dressing of the pleats (pulling them into the desired position) may be necessary.

The shade will gradually develop a memory for how the pleats should hang, and little or no dressing will eventually be needed.
